Fourth session
Nairobi, 5 May 1976

SELECTIVE LIST OF REFERENCE DOCUMENTS

Note by the UNCTAD secretariat

For the convenience of delegations, all past UNCTAD documentation will be available for consultation on microfiche at the delegates' reference library. However, the following list of reference documents has been prepared in order to draw the attention of delegations to documents which, in the secretariat's view, are of particular relevance to the items to be considered by the Conference. These reference documents, together with the reports of the Board, the main Committees and other intergovernmental groups on their sessions held since the Santiago Conference, will be available, for consultation, in a limited number of copies.

Except where otherwise indicated, all these reference documents have already been given, or will be given, general distribution to all States members of UNCTAD through normal channels. They will not, therefore, be redistributed at the Conference.
